

**FAA Safety Team presents:**

**AOPA Rusty Pilots presented by AOPA Ambassador Jamie  
Beckett at the FAA Safety Center at Sun n Fun**

Life may have gotten in the way, but the dream of flight can be yours again. Returning to the skies is not as difficult as most rusty pilots think. We're inviting you back in the cockpit and will help you get there. Come and participate in a FREE Rusty Pilots program with fellow lapsed pilots. We will help you understand what's changed in aviation since you've last took the controls and brush up on your aviation knowledge. The Rusty Pilots program is developed by AOPA in partnership with local flight training providers in order to create the best environment for getting you back in the air and a part of the general aviation community.

It is easier than most people think: No FAA checkride or test Medical may not be required. As a Bonus, by attending, you get two to three hours of free ground instruction towards your flight review!
